Education

Institute of Engineering & Management(IEM), Kolkata

B.Tech in Computer Science & Engineering

2022 – 2026

CGPA: 9.14/10

Panchberia RCSS Mandir, Ghatal

Higher Secondary School

April 2020 – March 2022

WBCHSE: 96 / 100

Panchberia RCSS Mandir, Ghatal

Primary School, High School

January 2014 – March 2020

WBBSE: 95.86 / 100

Experience

Humanizetech.ai

AI Practice Intern

Jan 2025 – May 2026

Remote

- **Supervisor:** [Subhasis Chakraborty](#) ([Letter of Internship](#))
- Built a FastAPI service to generate test cases from user stories and functional requirements documents (FRDs).
- Developed multi-agent workflows and automated BRD generation using LangChain, retrieval-augmented generation (RAG), and LLMs.
- Automated SAP BPML and document generation, along with ServiceNow application and artifact creation on the humanAIze platform.
- Implemented audit logging with AWS Lambda and MongoDB, contributed to UI and web modules, and performed unit and load testing using Pytest and Locust.

Bair.ai

Software Developer Intern ([Certificate](#))

July 2024 – Dec 2024

Kolkata, India

- Developed LSTM + meta-learning workflow combining CoinGecko market data with public sentiment (X, Telegram, Reddit).
- Produced signals for memecoins with predicted uptrends over 3/5/7-day horizons.
- Built data ingestion and preprocessing for multi-source time series and text.
- Supported feature engineering and evaluation for short-horizon forecasting.

Generative AI CoE, IEM

Student Industry Lead at [GenAI CoE](#)

Nov 2024 – March 2026

Kolkata, India

- Come up with industry oriented project ideas and guiding junior students in getting a first hand industry level experience.
- Provide hands-on training to students on generative AI and large language models (LLMs).
- Lead project teams developing SaaS platforms, including an HR Analytics Automator, Automated Content Generator (YaaS), Meeting Transcription & Summarization Agent, and Wireframe-to-Code Generation Agent.
- Launched [ReelBook](#), a pioneering initiative to teach AI fundamentals through concise, engaging video content.

Innovation & Entrepreneurship Development Cell (CSE)

Undergraduate Research Assistant

March 2024 – August 2024

Kolkata, India

- Co-authored a research paper accepted at IEM-HEALS 2024 – Analyzed Jul 2019–Dec 2022 closing prices of 20 pharma stocks using multivariate regression, volatility metrics, and event-study methods.
- Developed a real-time stock trading simulation platform, TraderBot, using Flask for backend trade logic and MongoDB for data persistence.
- Integrated Yahoo Finance API to fetch live market data, allowing users to simulate trading strategies, test portfolio management techniques, and analyze stock movements without risking actual capital.

Technical Skills

Programming Languages: Python, Java

Machine Learning & AI Frameworks: TensorFlow, PyTorch, Scikit-learn, Keras, SHAP, LIME, Transformers, FastAPI

Data Analysis Tools: Pandas, NumPy, SciPy

Database Management: MySQL, PostgreSQL, MongoDB

Cloud & Big Data: AWS (S3, EC2, SageMaker), Google Cloud (BigQuery, Compute Engine)

Research Tools: LaTeX, Jupyter Notebook, Git, Docker

Visualization Tools: Matplotlib, Seaborn, Tableau

Volunteering

Diversion 2K26 Hackathon

February 28 – March 1, 2026

- Served as a judge and mentor during the 36-hour MLH hackathon, evaluating projects and guiding teams working on AI, Web3, and other technology-driven solutions.

Frequentia 2026, IEEE IEM MTT-S Student Branch Chapter

2026

- Invited as a speaker to deliver a session on generative AI, introducing students to large language models and their practical applications.

GenSpark 1.0 Ideathon 2025

June - August 2025

- Organized the [first Ideathon](#) under GenAI CoE, IEM, promoting innovation and collaboration among participants.
- 50+ teams participated, 3 funded ideas from finalists.

IEM-ICDC 2025

April 2025

- Volunteered for [IEM-ICDC](#) (3rd International Conference on Computational Intelligence, Data Science and Cloud Computing) 2025, assisted with event coordination and support for the conference.
